RE: Punkin Water Association/ MS Public Service
Commission Number 2018-AD-36 Melanie Rube, et. al.

Dear Ms Collier:

Please file this letter in the above referenced case. This letter is being submitted pursuant to Item 5) of the Post Hearing Order regarding the immediate and intermediate steps in resolving water quality issues.

The first immediate step taken involves the ordering of a new media for the filtering system, which was done in conjunction with the assistance of the engineers and consultants from Mississippi Rural Water, the operator from Punkin Water and Punkin Water's engineer.

The first intermediate step taken involves the design and placement of the piping which will be required by the City of Oxford for the purchase of its water. Numerous emails and drawings have been exchanged between Punkin Water and the City of Oxford as plans for the location and design are being discussed.

Punkin Water is working diligently to take the required immediate and intermediate steps as directed by the above mentioned order.

This letter is being submitted in compliance to the directives in the Post Hearing Order entered herein on the 18th day of May 2018.

Thank you.

Sincerely,

LAWRENCE L. LITTLE & ASSOCIATES, PA

LAWRENCE L. LITTLE
