COMMISSION

BEFORE THE MISSISSIPPI PUBLIC SERVICE COMMISSION

Docket No. 2021-AD-19

IN RE: ORDER ESTABLISHING DOCKET TO REVIEW THE EFFICACY AND FAIRNESS
OF THE NET METERING AND INTERCONNECTION RULES

MOTION TO INTERVENE

("PosiGen"), pursuant to RP 6.121 of the Mississippi Public Service Commission's ("Commission") Public Utilities Rules of Practice and Procedure ("Rules") and hereby files this Motion to Intervene in the above-styled proceeding. In support thereof, PosiGen submits the following:

1. PosiGen is a residential solar installer with a focus on providing affordable solar to low-to-moderate income homeowners.

2. PosiGen has installed more than 15,000 net-metered solar installations in the states of Louisiana, New York, Connecticut, New Jersey, and Florida. As a developer of rooftop solar, PosiGen has a substantial interest in the review of Mississippi's net metering and interconnection rules and ensuring such rules are fair to consumers and effective in achieving their intended purpose.

3. PosiGen has a substantial interest in net metering and interconnection rules because it is considering expanding operations into Mississippi. The rules adopted in this proceeding will be pivotal for PosiGen's business decision. Through its participation in this proceeding, PosiGen can also provide a unique perspective regarding the rules impacting solar for low-to-moderate income homeowners and provide additional insight from its experience operating in other states.

4. PosiGen participated in the Commission's previous investigation that ultimately resulted in the net metering and interconnection rules currently in place today. PosiGen was

granted late intervention in Docket No. 2011-AD-2 and provided both comments and reply comments in that proceeding to help inform the Commission's consideration of the rules.
