Re: Punkin Water Association/MS Public Service Commission No. 2018-AD-6,  
Melanie Rube, et al

Dear Ms. Collier:

This is the March 2019 report required by the May 18, 2019, post-hearing Order in the above-referenced action.

As expressed at the December 11 hearing, Punkin has a desire to further explore options to obtain a new source of water and is continuing to explore options to obtain a new source of water. These options still include a connection to the City of Oxford, as well as drilling new wells. This decision will soon be made by the PWA Board.

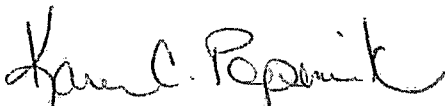

Punkin Water Association scheduled a round table meeting for an open discussion with its members for March 4, 2019, concerning additional water sources and several members and Board members attended to discuss the pros and cons of each option.

Punkin continues to frequently use its website to post notices of service interruption, boil water notices, proposed construction locations, and other information benefitting PWA members. Punkin Water also posts such notices and concerns on its Facebook page.

The IRIS system is in place as a means of mass messaging by voicemail, texts, and e-mails to its members of important notices.

Sincerely yours,

PUNKIN WATER ASSOCIATION

Karen C. Popernik  
VP, Punkin Water Association
