RE: Punkin Water Association / MS Public Service Commission
Commission Number 2018-AD-36 Melanie Rube, et al.
June 2019 Report

FILED

MISS. PUBLIC SERVICE
COMMISSION

Dear Ms. Collier:

This is the June 2019 report required by the outstanding orders of the Public Service Commission in the above-referenced matter. On June 25, 2019, the Public Service Commission and Commissioner Brandon Presley held a Status Conference on the pending open case before the Commission. At that meeting, representatives of the Association gave updates on the status of the various tasks that were ordered by the Commission.

Other follow-up tasks were identified, which Punkin Water Association (PWA) plans to implement. PWA is attempting to get its CPA to attend either the July or August 2019 Board meetings to explain the yearly reporting the CPA does for PWA.

PWA has drafted a Communications Plan. The Association will send a letter to each of its members enclosing a copy of the Communications Plan. In that letter, PWA will also include how members can sign up to get IRIS alerts.

PWA will also ask its engineer to provide updated estimated costs of drilling a new well. PWA will also keep its membership and the Commission informed of its progress in its negotiations with the City of Oxford.

My understanding is the Commission will enter a new order which addresses specific reporting requirements related to the above-referenced items.
